HAIR SHINE SPRAY

Formula# 29-64-1 date 8/29/06

WHAT IS IT?

An alcohol free spray that produces shine on the hair using PERMETHYL 296C.

HOW DO YOU USE IT?

Apply spray 6-8 inches from head and lightly mist over finished style for maximum shine.

WHO SHOULD USE IT?

Anyone who would like their hair to shine after using products that may dull the hair or just want that shine while avoiding the use of silicone based hair products.

WHAT DOES IT DO?

Produces a shine to dull hair, which may occur after using styling products. Smooths split ends and hair cuticles. Also, takes out the frizz and gives a natural look vs. a greasy silicone look.

WHAT'S IN IT?

C12-14 Isoparaffin (and) C18-21 Alkane, Octyldodecyl Stearoyl Stearate, Phenyl Trimethicone, Tocopheryl Acetate
