Eco Glow

(Eco-Friendly Face Powder)

Formulation # 37-85-2, Date : 4/26/10

WHAT IS IT?	An eco-friendly, talc-free loose powder with sheer buildable coverage
HOW DO YOU USE IT?	Apply liberally all over face with brush or puff applicator.
WHO SHOULD USE IT?	Anyone seeking a smooth, fresh, color balance and protection from redness (inflammation) of the skin.
WHAT DOES IT DO?	SERICITE PHN offers excellent transparency, skin adhesion and a silky feel. SATINIER M5 provides a smooth rolling effect over the skin, while CHIFFONSIL P3-R brings a creamy texture. PHOTOLITE PK-S/LY-S prevents the ashy appearance of traditional TiO ₂ based products. RELIEF COLOR BEIGE-2 gives a fresh natural-looking finish with the illusion of a firmer, slimmer face. MICROCARE 350 provides adhesion and coverage. BISMICA PEARL PIGMENTS add depth to the formulation. ANTILEUKINE 6[®] protects skin DNA from UV damage and acts as an anti-inflammatory to even skin tone. AVENEBEL ORGANIC OAT EXTRACT calms itchy, irritated skin while NUTRABEL BARLEY EXTRACT soothes and revitalizes it.
